

Newborn Screening Decision-Making

Invitation to Participate in a Research Study on Newborn Screening Decisions

WHO CAN PARTICIPATE

- New parents or primary caregivers to a child born within the past 12 months (after February 1, 2025)
- Actively decided to accept or reject Newborn Screening for their child
- Child born in Arizona or California
- 18 years old or older
- English-speaking
- Only one parent or caregiver per household can participate

WHAT'S INVOLVED

- Study eligibility screener
- Online survey (less than 10 minutes)

COMPENSATION

\$15 in a Tango e-gift card upon completion of the survey

CONFIDENTIALITY

All information is confidential and participation is voluntary.

PURPOSE OF THE STUDY

We are conducting a study to understand parents decision-making factors regarding newborn screening.

WHY PARTICIPATE

- Improve infant lives through better screening!
- Share your experience
- Inform clinical practice and policy

Ready to participate? Scan QR or follow [link](#) to the screening questions and survey:
