

Free Parenting Support Services

Do you know a mom/dad who is expecting a baby or has one?
Connect them to a home visiting program:

1. **Explain home visiting** and how it helps (you get answers to questions, tips on infant care, connections to free resources, etc.).
2. **Go to eDirectory.HomeVisitingLA.org** together, and answer the questions.
3. **Pick a program** from the list of what's available.
4. **Complete the referral form** and email/fax it, as instructed on the form.
5. **Remind the parent** to answer when the home visiting organization calls. That's the first step to getting these free services.

THANK YOU!

You can also access the eDirectory here
