

Connect your patients to free in-home support

Welcome Baby gives pregnant patients and their families one-on-one education and resources during pregnancy and after their baby is born.

The program is FREE for families delivering at a participating hospital — regardless of income, immigration status, or insurance coverage.

We're on the same team

Welcome Baby supports your practice by helping families:

- Get **health coverage** and **keep appointments** with prenatal and pediatric providers
- Access **public benefits** like WIC, CalFresh, and CalWORKs
- Achieve **breastfeeding goals**, with personal lactation support
- Identify perinatal mood disorders and **connect with mental health services**
- Receive **early intervention services** for babies with developmental delays
- Learn about bonding, positive **parenting**, and **home safety**

Program Impact

Welcome Baby graduates have been shown to have:

Improved maternal and child health

More positive parenting and safer homes

Better cognitive and social development in children

Improved mental health

4.87 out of 5 stars

Welcome Baby clients agree:

“My Parent Coach helped me build my confidence as a parent.”

99.7% of families received safe-sleep education by 2 months postpartum

Women enrolled in Welcome Baby have greater continuity of care

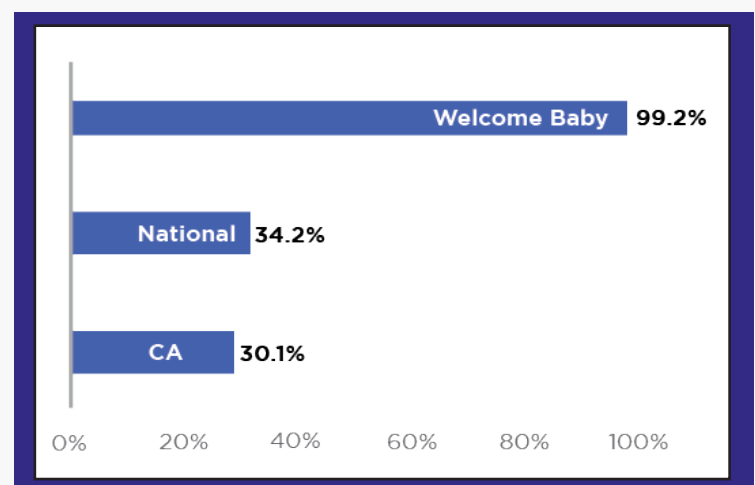

85.9%

of mothers attended their 6-week postpartum checkup

99.7%

of mothers were screened for depression within 3 months postpartum

Children enrolled in Welcome Baby are screened at a much higher rate for developmental delays

Welcome Baby partners with more intensive, longer-term home visiting programs and makes warm hand-offs for families who have higher needs. By referring patients to Welcome Baby, you can be assured they'll get the best support.
