

REFERRAL TO HOME VISITATION PROGRAM

I give my consent to participate in the Home Visitation Program and agree to allow <ORGANIZATION NAME> to release specific information, as described below, about the me and/or my family members listed below to the Home Visitation Program site(s) that serve me in an effort to provide services that I may find beneficial to me or my family. The network of Home Visitation providers is listed on the following page.

I understand that:

- The information about me or my child that <ORGANIZATION NAME> may disclose to the parties listed on this form may include the following that was collected during my stay in the hospital, which includes minimal Protected Health Information (PHI):
 - Demographic information (e.g., address, sex, ethnicity, primary language);
 - Services (e.g., referrals made, types and dates of services provided, results of services);
 - Screening information (e.g., screening, assessments and/or services); and
 - Medical Records (e.g., basic health care, child birth information).

- My approval to share information for such referrals shall be in effect for one year.
